

Bridgewater Skating Club Programs Offered

STARskate Skills, Tests, Achievement, Recognition

This is what skating is all about! STARskate offers opportunities for skaters of all ages to develop fundamental figure skating skills in the areas of ice dance, skating skills, free skate and interpretive skating. Unique in Canada, this program teaches figure skating skills in a private lesson format in a progressive manner. Skaters have the opportunity to take Skate Canada Tests through a nationally standardized testing system.

You must contact the individual coaches to arrange private lessons for your skater.

The following coaches are available for private and/or group lessons:
